Stoke ladies football club figurine to be advised.

Leadbeater, Longton Art China figurine, Stoke Ladies football club, winner English Cup 1922. International Barcelona 1923. The figure is 14cm tall and is in the form of a lady footballer, orange top, blue shorts and brown stockings with ball at feet. The dish base also depicts the Stoke on Trent city crest. We believe the figure is an individual award given to ladies competing in the match at Barcelona playing Les Sportives of Paris in 1923.
